

# Let's Get Physical

King's Park girls enjoy a rest during the Cheerleading Competition. As part of the Girls Get Active Course (Rangers FC 'Ready to Learn' programme), King's Park girls attended a dance show and prize giving at the Royal Concert Hall, Glasgow.

## SANTA SOCCER TOURNAMENT

Girls' football – the fastest-growing sport in the UK.

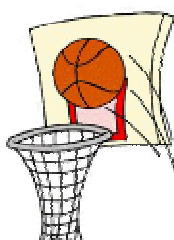

## Glasgow Badminton League

Alexander Heeps, Katie Mitchell, Chris Meechan, Penny Semple, Candice Towler and Stephen Copeland picked up silver medals on Thursday 8 March.

Well done.

## Basketball Report

The school ran 2 teams – U-15 and Senior Boys. Unfortunately few of our boys play outside the school and this was reflected in our results. The Senior Boys managed a cup win against Lenzie Academy. The Juniors

**Under-15 Football.**

### **Glasgow Global Youth Project**

Six senior boys from King's Park will join pupils from Lochend Community High School and St Aloysius College travelling to Cape Town in June. Zubair Aslam, David Campbell, Ross Gallacher, Stuart McKay, Craig Rennie and Craig Robertson will work in the township of Khayelitsha and will take part in a media project and a sport in the community project. Part of the sport project will be a football match between the visitors and the locals, when the Calum Kyle cup will be presented.

### **Calum Kyle**

Pupils and staff were shocked to learn of the sudden death of Calum Kyle in February. Calum was popular with pupils and staff alike and he will be missed.

The school community held a celebration of Calum's life in Cathcart Old Parish Church. The pupils of King's Park were magnificent. They conducted themselves with great dignity and maturity.

Thank you to Rev Neil Galbraith for his support to the school.

After the service, there was a collection for a Music Room linked to one of Glasgow the Caring City's African projects.

Six senior boys from King's Park are taking part in the Glasgow Global Youth Project, travelling to Africa in June as part of a media project and sport in the community project. They will deliver the musical instruments while they are there.

### **Young Composer Competition**

Claire Philip S5 took second place in this competition run by Heriot-Watt University\*

Claire writes:

*My piece 'It's About Time' moves through four different styles of music – renaissance, Celtic, jazz and 20<sup>th</sup> century. I wanted to create an image of travelling through time. This became the main theme of the entire composition.*

*Steve King, the Musician in Residence at Heriot-Watt University has offered me the 2<sup>nd</sup> prize award for this competition. As you can imagine I was very excited as this was the first time I had written an orchestral piece. My piece will be played by the Inchcolm New Music Ensemble\* and I also get a cash prize of £100.*
